6 and Mac OSX Avid Liquid 7.0 - Professional Video Editing Software with HDV Support and most SD and HD Formats with DVD Authoring and Surround-Sound Audio - Win. 6 and Mac OSX by JOHN Avid Liquid 7.0 | Professional Video Editing Software with HDV Support and most SD and HD Formats with DVD Authoring and Surround-Sound Audio | Win. 6 and Mac OSX The Avid Liquid 7.0 DVD Authoring Software with HDV Support & most SD and HD Formats and Surround-Sound Audio is available now. Best of all, it is inexpensively priced at \$129.00, for a 2-user license. It includes HDV support, DRM protection (DVD-Video), Dolby Digital and LPCM surround sound audio in all SD and HD formats, DVD authoring, and a burnable DVD disc. This Avid DVD Authoring Software comes with a 24 month license for the Premiere Elements & Authoring Software. New features include a more intuitive interface with improved look and feel, speed and usability improvements, and other new features. Originally released in 2000, the Avid Liquid 7.0 DVD Authoring Software was known as the Avid Creator 3.0. This DVD authoring software is still available, as is the Avid Liquid 7.0 software which includes Avid HDV Support, a DVD-Video format, surround sound audio in SD and HD formats, DVD authoring, burnable DVD discs, and Avid DRM support, but is not sold with a 24-month license for the Premiere Elements & Authoring Software. The Avid Liquid 7.0 DVD Authoring Software with HDV Support & most SD and HD Formats and Surround-Sound Audio is available now. Best of all, it is inexpensively priced at \$129.00, for a 2-user license. It includes HDV support, DRM protection (DVD-Video), Dolby Digital and LPCM surround sound audio in all SD and HD formats, DVD authoring, and a burnable DVD disc.
