Flamenco and presidential handover highlights of this year's opening ceremony *Flamenco y cambio de presidente en la ceremonia de este año*

Dr Kathryn Kell officially assumes FDI presidency from Dr Patrick Hescot | *La Dra. Kathryn Kell asume la presidencia de FDI del Dr. Patrick Hescot*

The first highlight of this year's FDI World Dental Congress took place yesterday evening at the impressive Palacio Municipal de Congresos de Madrid, when President-elect Dr Kathryn Kell took over the presidential chain of the FDI from outgoing President Dr Patrick Hescot during the congress's welcome ceremony. Kell, who is a dentist from Iowa in the US and a former trustee member of the American Dental Association, will lead the international dental body for the next two years.

In addition to FDI executives, the ceremony was joined by a number of high profile Spanish health officials, including Dr Oscar Castro Reina, president of the Spanish dental association, Dr Manuel Molina Muñoz from the Madrid regional government's Ministry of Health and Dobry Montserrat from the Spanish Ministry of Health, Social Services and Equality. A little bit of local colour was also added through an emerging flamenco demonstration, which gave everyone in the room the opportunity to discover their own inner Spaniard. In conclusion, the traditional flag unfurling signified the embracing of the diversity of cultures and nationalities that come together at the FDI congress.

This year marks the fourth time that the FDI's flagship event has been held in the Spanish capital after the congresses in 1903, 1922 and 1978. According to the Spanish dental association, it will be

the most successful international congress in the southern European country ever with over 12,000 participants expected to attend the extensive scientific programme and learn about the latest clinical techniques and products at the accompanying trade exhibition during the course of this week. Over 200 of the world's largest dental manufacturers and distributors have come to Madrid to showcase their latest offerings.

Additional education opportunities will be presented, among others, at a live symposium at the Dental Tribune Study Club booth (SA16-SA20 and SB13-SB17) in Pavilion 5.

Attendees can obtain more information about the FDI and its work and latest projects, such as the World Oral Health Day 2018 campaign, being launched here in Madrid, at the FDI booth in Pavilion 5. The latest news and information from the congress are available daily in the World Dental Daily newspaper, published in cooperation with Dental Tribune, and online at www.dental-tribune.com.

El primer acto destacado del Congreso Dental Mundial de FDI de este año tuvo lugar ayer por la noche en el impresionante Palacio Municipal de Congresos de Madrid, cuando la presidenta electa Kathryn

Kell asumió la presidencia de la organización del presidente saliente Patrick Hescot durante la Ceremonia de Bienvenida. La Dra. Kell, dentista de Iowa, Estados Unidos y ex Trustee de la Asociación Dental Americana, dirigirá el organismo internacional durante los próximos dos años.

Además de los ejecutivos de FDI, la ceremonia contó con la participación de varios destacados directivos españoles, como el Dr. Oscar Castro Reina, Presidente de la Consejo de Dentistas de España, Manuel Molina Muñoz, vicepresidente de Asistencia Sanitaria de la Comunidad de Madrid y Dobry Montserrat, del Ministerio de Sanidad, Servicios Sociales e Igualdad. El color local (concretado en un auténtico espectáculo flamenco) que dio a todos los asistentes la oportunidad de descubrir el español que llevan dentro. El despliegue de la bandera tradicional brindó la oportunidad de celebrar la diversidad de culturas y nacionalidades que la FDI abraza.

Esta es la cuarta vez que el evento emblemático de la FDI se celebra en la capital española, tras los congresos de 1903, 1922 y 1978. Según el Consejo de Dentistas de España, será el congreso internacional más exitoso del sur de Europa, desde su inicio un total de 12.000 participantes al extenso programa científico y educativo sobre las últimas técnicas clínicas y los más innovadores productos en la especialidad comercial. Más de 200 de las mejores fabricaciones y distribuidoras de productos dentales del mundo están en Madrid mostrando sus últimos adelantos.

En el Pabellón 5 se presentarán más oportunidades educativas en los simposios en vivo en el stand del Dental Tribune Study Club (SA16-SA20 y SB13-SB17).

Más información sobre los últimos proyectos de FDI y sobre la compañía del Día Mundial de la Salud Oral 2018, que se lanza en Madrid, en el stand de FDI en el Pabellón 5.

Lee los últimos noticias del congreso diariamente en el periódico World Dental Daily publicado en cooperación con Dental Tribune, al que también se puede acceder en línea en www.dental-tribune.com.

"Kanpai!" for FDI Madrid *Un kanpai para la FDI Madrid*

Despite the heavy showers that swept over the Spanish capital on Monday, partners and friends of the FDI met at the InterContinental hotel in the heart of Madrid to celebrate the traditional Japan Night. The event, which is organized in partnership with the Japan Dental Association and manufacturers Yoshida, GC, Morita and SHOFU, was the first opportunity for officials and attendees to meet and mingle during the upcoming four congress days.

In his welcoming speech, Dr Kenji Ito, President of the Japan Dental Association, took the opportunity to offer his condolences on the lives lost during the terrorist attack in Barcelona and then thanked the FDI for its ongoing

commitment to the event. Outgoing FDI President Dr Patrick Hescot also expressed his appreciation and highlighted the projects the FDI is conduct-

ing with the companies present, such as the Oral Health for an Aging Population Partnership which is supported by GC. "I am glad that this night has be-

come such a long standing tradition for our congress," he said.

With a "Kanpai", everybody finally tasted one other and enjoyed the rest of the evening.

A pesar de las fuertes lluvias que azotaron la capital española el lunes, socios y amigos de la FDI se reunieron en el hotel InterContinental en el corazón de Madrid para celebrar la tradicional Noche de Japón. El evento, organizado en asociación con la Asociación Dental Japonesa y con las fabricaciones Yoshida, GC Corporation, A Morita y SHOFU, fue la primera oportunidad de reunirse para funcionarios y delegados antes de los cuatro días del congreso.

En su discurso de bienvenida, el Dr Kenji Ito, presidente de la Asociación Dental Japonesa, aprovechó la oportunidad para expresar su pesar por las vidas perdidas durante los atentados terroristas de Barcelona antes de dar las gracias a la FDI por su compromiso continuo con el evento. El presidente saliente de FDI, Patrick Hescot, agradeció y destacó los proyectos que la organización lleva a cabo con estas empresas, como la Asociación para la Salud Oral de la Población Mayor (Oral Health for an Aging Population Partnership), respaldado por GC. "Me alegro de que este momento se haya convertido en una tradición de nuestro congreso", declaró.

Con un kanpai (brindis) todos finalmente se animaron y disfrutaron del resto de la noche.
